# Route 22 eastbound overnight lane closures this week for paving in Phillipsburg, Warren County

## U-turns near Firth Street and Lincoln Street to be permanently closed

**(Trenton)** – Route 22 eastbound is scheduled to have overnight lane closures this week for milling and paving as a resurfacing and intersection improvement project begins in Phillipsburg, Lopatcong, Pohatcong, and Greenwich, Warren County.

Beginning at 8 p.m. tonight, Monday, July 14 until 6 a.m. tomorrow, Tuesday, July 15, and again each night through Thursday, July 17 at the same time, Route 22 eastbound is scheduled to have two lanes closed between Miller Street in Phillipsburg and 5th Street in Lopatcong. At least one lane will be maintained overnight. The closures are necessary to mill and pave the roadway and the ramps to Ingersoll Avenue/Bates Street, Roseberry Street, and 1st Avenue in Phillipsburg. Only one ramp will be closed at a time, and motorists are advised to follow the signed detours.

When the paving is complete, the U-turns near Firth Street and Lincoln Street will be permanently closed to traffic and will be maintained for emergency vehicles only.

The work is part of the $10 million Route 22, Broad Street to I-78 resurfacing and intersection improvement project that will mill and pave approximately five miles of Route 22 eastbound from Miller Street in Phillipsburg to the I-78 Interchange. The project includes resurfacing the ramps to and from I-78 and will upgrade traffic signals at seven intersections:

1. Route 22 and New Brunswick Avenue
2. Route 22 and Greenwich Street
3. Route 22 and St. James Avenue/Uniontown Road/CR 519
4. Route 22 and Phillipsburg Mall
5. Route 22 and 1st Street
6. Route 22 and Roseberry Street
7. Route 22 and Ingersoll Avenue/Bates Street

Portable variable message signs are being used to provide advance notification of traffic pattern changes associated with the work. The precise timing of the work is subject to change due to weather or other factors.

Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information, and for NJDOT news follow us on X (Twitter) @NewJerseyDOT, on the NJDOT Facebook page, or Instagram @NewJersey.DOT.
